EDUCATION

Ubon Ratchathani
University

2013 – 2017

TECHNICAL (IT) SKILLS

- **Programming:** Python, SQL, NoSQL, Scala, JS
- **Git hosting:** GitHub, GitLab, Bitbucket
- **Messaging:** Pub/Sub, RabbitMQ, Kafka
- **Big Data Stacks:** Apache Spark
- **DevOps:** Docker
- **Workflow Scheduling:** Apache Airflow
- **Database & Storage:** RDBMS, DBMS, RDS, S3, GCS, Azure Blobs
- **DWH:** BigQuery, Redshift, Hive, Presto
- **Cloud:** Azure, GCP, AWS
- **Search:** ElasticSearch, Algolia
- **Visualization:** Tableau
- **CDP:** Segment
- **CEP:** Braze
- **Analytics Platform:** Mixpanel, GA

PERSONAL SUMMARY

- ✓ Highly motivated and accomplished Engineering professional with a proven track record in E-Commerce and Manufacturing industries, specializing in Data Engineering, Data Product Engineering, MLOps, and Analytic Engineering.
- ✓ I am eager to join a dynamic and forward-thinking technology organization where I can contribute to business strategy, expand my skillset, and leverage my passion for cutting-edge technology and innovation to drive value and growth.

WORKING EXPERIENCE

Data Engineer

The1 Central Co., Ltd. – BKK (Feb 2023 – Jun 2024)

- Architected a highly scalable AWS Lake House, streamlining over 150+ data sources for efficient data management.
- Orchestrated all of data workflows using AWS MWAA.
- Implemented AWS Lake Formation for data governance and built an AWS Glue data catalog.
- Orchestrated end-to-end automation of ML workflows using AWS SageMaker.
- Led the deployment of MLflow from concept to production, ensuring streamlined operations.
- Enhanced ML pipeline security and developed std. project templates.
- Engineered big data solutions with Spark on AWS EMR, extracting valuable insights from large datasets in the data lake.

Data Engineer

Betterbe Marketplace Co., Ltd. (NocNoc) – BKK (Jan 2022 – Jan 2023)

- Led a cross-functional team to develop data products and services.
- Improved search and recommendation algorithms using Algolia for web and mobile apps.
- Built and deployed a recommendation system with AWS Personalized.
- Designed scalable data pipelines using the services on AWS for new products and projects.
- Integrated automation marketing tools (Braze, Segment, Google Analytics, Mixpanel, AppFlyers)

LANGUAGES

SKILLS

- Analytical thinking and innovation
- Active learning and learning strategies
- Creativity, originality, and initiative
- Technology design and programming
- Critical thinking and analysis
- Complex problem-solving
- Leadership and social influence
- Systems analysis and evaluation
- Problem-solving and ideation

INTEREST

- Blockchain
- Cryptocurrency
- Real Estate
- AI / Machine Learning
- Big data / Data Platform
- Cloud Computing
- Solution Architect
- Cloud Architect
- Web Development
- Marathons
- Travels
- Photography/Videography

WORKING EXPERIENCE (Cont.)

Product Design Engineer - Senior Engineer/Staff Engineer

Western Digital Co., Ltd., Bang-Pa In – (May 2020 – Sep 2021)

- Mastered and deployed Apache Airflow from scratch, scaling the Production executor with Celery for executing tasks in parallel across multiple workers.
- Ensured high availability and optimized performance of data pipelines on Apache Airflow.
- Automated ETL/ELT processes in Python, greatly reducing manual interventions.
- Developed actionable Tableau reports from business requirements.
- Advocated MLOps best practices for efficient ML deployments.
- Created and deployed Web applications & APIs to support digital solutions.
- Acted as Team Tech Evangelist, encouraging knowledge sharing and innovation.

Process Engineer – Engineer I

Seagate Technology Co., Ltd. – Korat (Nov 2017 – May 2020)

- Contributed to the Auto Diagnose team (ADG) in developing, monitoring, and analysis of HDD failures.
- Built and enhanced 130+ Linux servers on IT data center VMs.
- Led an 80-person operator team on front-line HDD production, enhancing operational efficiency.
- Automated HDD failure detection using Python & Java scripts (rule-based).
- Delivered impactful solutions for business needs through tools, dashboards, and applications.
